Our Classes

Ballet/Modern/Solos We all know that ballet is the secret and key element to any outstanding dancer. This year we will have a large focus on improving technique and increasing students' strengths. To assist with this, we are offering two ballet classes, one for grade classes and one for those who wish to do exams.

Both ballet classes will follow the Royal Academy of Dance (RAD) syllabus and students will be graded depending on their level and experience. To be eligible to sit your ballet exam, students must be enrolled in two ballet classes per week. Participation in exams will be solely up to the class teacher and RAD mentor. If you wish to participate in a Modern/Lyrical class or be considered as a soloist, it is compulsory that you are enrolled in at least one Ballet class.

Wiggle & Giggle

2-4yrs this class is available for the youngest of the studio, the 2-4yr old girls and boys. Our classes will focus on jazz, tap, rhythm, musicality, singing and self-confidence. This exciting program caters for the new starters as well as the more experienced Wiggle & Giggler!! There will be 4 Classes offered in 2020 and will offer a fun environment for the active pre-schooler. Please note there is a 15-person limit in each of these classes. If classes fill up you will be added to a wait list. If there is enough people on the wait list to start another class, this will be considered.

Performance Jazz ages 7-Opens

Performance Jazz is for the dedicated dancer who wants to participate in extension training and to learn a variety of dance genres. Students will be in an exciting environment, training with other like minded dancers on a weekly basis. There will be a large focus on jazz technique, choreography in block training sessions which will accelerate their learning and progress. To be in our Performance Jazz class you must be enrolled in at least 3 genres of dance, including Jazz. This team will do approximately 3 eisteddfods and attendance to all eisteddfods is compulsory. Please note all open age students must be enrolled in progressions class to be able to do Opens Jazz

Dance 4 Fun ages 7- Opens

Dance 4 fun is a class that caters for students/ families who love dance but can not commit to the travel or expectations of performance teams. This class will act as a jazz class focusing on technique, flexibility and corner work as well as learning a routine. Dance 4 fun students will only perform in 2 local eisteddfods and the end of year concert however participation in these events is encouraged but not compulsory.

Contemporary: ages 10 - Opens

Contemporary is a very versatile and interpretive dance style, combining ballet, lyrical, modern and free movement. It allows beginners to explore the style and pushes the more experienced dancers to new boundaries of body movement. Students wishing to participate in Contemporary classes should also consider enrolling in ballet, however this is not compulsory.

Tap: ages 6 - Adult

This is a percussive style of dancing. It's name comes from the tapping sound made when the metal plates on the student's shoes touch a hard surface. Students are taught the basics and techniques of tap - this enhances coordination and rhythm. Our tap lessons are choreographed to the latest music and tapping trends.

Hip-Hop: ages 8 - Opens

We offer a Junior and a Senior hip-hop class. Hip-hop dance refers to street dance styles primarily performed to hip-hop or current music that has evolved as part of hip-hop culture. It includes a wide range of funky styles. At dance HQ we base our hip-hop on a strong Jazz technique with exciting choreography that allows our students to express themselves through movement and let go a little!

Musical Theatre: ages 8 - Opens

Our Musical Theatre/Entertainment class is a combination of acting, dancing and singing/miming. We base most of our Musical Theatre routines on the music from Broadway shows. This fun class allows for students to become well rounded in their dance training by learning other skills to improve their overall performance and style.
